Winter sports season
IS UPON US WITH
new technology in eyewear

.....
The sports eyewear specialist Adidas eyewear is setting new standards in the outdoor sector with its Tycane pro outdoor. Unrestricted vision, optimal protection and an excellent fit, the revolutionary face-fit foam pad makes the Tycane pro outdoor the ideal companion on even the toughest mountain tours. We also have a new selection of Skiing Goggles available in the practice.

See who won at the
LONDON STARE
Sponsored by Alcon

.....
Eye contact generally makes us feel uncomfortable. Alcon put people's ability to stare into the eyes of a stranger to the test and hosted an epic stare-off between East and West London. [Click here](#) to see the results.
DAILIES TOTAL1® uses breakthrough technology to create the first water gradient contact lens. Offering you a new era in contact lens comfort. [Click here](#).
